M-STEP Science Field Test District Summary Report AVAILABLE

The 2018 M-STEP Science Field Test District Summary Report is now available in the **Dynamic Score Reporting Site**, which is accessed through the [OEAA Secure Site](http://www.michigan.gov/oeaa-secure) (www.michigan.gov/oeaa-secure).

The Science Field Test District Summary Report displays aggregated raw score data – points earned out of points possible – based on the field test items, excluding constructed response items. This report is available at the district level only.

The report displays the number of valid tests, then displays frequency distribution graphs for overall content, followed by domain content for Life Science, Physical Science, and Earth Science. Additional information is available in the **About this Report** document that accompanies the report. The [Interpretive Guide to M-STEP Reports](#) has also been updated to include information about the **Science Field Test District Summary Report**.

To view the reports, go to the [OEAA Secure Site](http://www.michigan.gov/oeaa-secure) (www.michigan.gov/oeaa-secure), and select **Dynamic Score Reports** from the **Reports** tab drop-down menu. Then select the appropriate entity information and select **Open Reports** in the lower-right side of the screen. This will open a pop-up application with the reports available. Select **Science Field Test Summary – District** from the **Reports** drop-down menu and generate the report for the selected grade.

REMINDER: The Science Field Test Summary report is based on data from field test items on the M-STEP Science Field Test. The M-STEP Science Field Test data will be used to determine how well the field test items measure the intended standards. This data

is not intended to provide proficiency information in relation to the Michigan K-12 Science Standards or domains. Decisions about school improvement goals, curriculum, or other instructional decisions should be based on locally developed science assessments that measure student achievement based on the Michigan K-12 Science Standards.

Preparing for Spring 2019

Tasks you can be doing now to prepare your school for the spring administration of PSAT 8/9 for grades 8 and 9, PSAT 10, and SAT with Essay:

- Register for a free implementation workshop (See [September 20, 2018 Spotlight](#))
- For those who cannot attend a face-to-face workshop, register for the

[Spring 2019 Michigan SAT and PSAT Implementation Overview webinar](#) (www.tinyurl.com/2019MichiganImplementation) on **November 7, 2018 from 1:00 – 3:00 PM**. This will be a presentation of the same information presented at the workshops.

- SSD (Services for Students with Disabilities) coordinators can register for a [Spring 2019 Michigan SAT and PSAT Accommodations and Supports webinar](#) (www.tinyurl.com/2019MichiganAccommodations) presented on **December 5, 2018 from 10:00–11:00 AM**. This webinar will assist new and returning SSD coordinators with the process of applying for accommodations through the SSD Online system. This will be especially helpful for new SSD coordinators administering the PSAT 8/9 for 8th grade for the first time. We will also review administering the SAT with Essay, PSAT 10, and PSAT 8/9 for grades 8 and 9 with accommodations and English Learner supports.
- Update EEM with test coordinator information (See [September 20, 2018 Spotlight](#))
- Confirm your school is established to participate in College Board assessments in Spring 2019 (see following article) by **November 30, 2018**.

Establishment

Establishment is the process whereby the College Board knows which schools are administering the PSAT 8/9 for Grades 8 and 9, PSAT 10, and SAT with Essay, and is based on rules that are coordinated with the Michigan Department of Education (MDE).

- Public schools and nonpublic schools are established through different processes. Most public schools will be automatically established to participate. Public schools not automatically established and all nonpublic schools with 11th graders were emailed instructions on how to provide the intent to participate in the spring administration earlier this week.
- The **Test Center Participation page**, in the [OEAA Secure Site](http://www.michigan.gov/oeaa-secure), (www.michigan.gov/oeaa-secure) identifies which assessments your school is established to administer. The page was refreshed for the Spring 2019

administrations on October 8 and will be updated daily as establishment activities occur. For information on accessing the **Test Center Participation page**, visit the [Secure Site Training web page](http://www.michigan.gov/securesitetraining) (www.michigan.gov/securesitetraining). Once you provide your intent to participate, please wait at least two business days for this information to be refreshed in the Secure Site.

- **Important Note:** Schools must be established to participate separately for **each College Board assessment** they expect to administer in April 2019. For example, a typical high school should verify on the OEAA Secure Site Test Center Participation page that they are set up to participate in the SAT with Essay, the PSAT 10, and the PSAT 8/9 for grade 9. All schools with 8th grade students should verify that they are established to participate in the PSAT 8/9 for grade 8.

Upcoming Manage Participation

The ACT WorkKeys assessment is one of three required components of the Michigan Merit Exam (MME) for grade 11 and required grade 12 students. Schools are required to administer all three components: the ACT WorkKeys, the SAT, and the M-STEP science and social studies assessments.

The first step in the ACT WorkKeys assessment is to indicate your school's participation status and to select your preferred materials receipt dates. This is called the Manage Participation process and it will take approximately five minutes.

The Manage Participation process will begin on **November 5, 2018**. All schools, public and nonpublic, must confirm in PearsonAccess^{next} that they are participating in order to receive test materials and to administer the WorkKeys assessment.

A login and password for PearsonAccess^{next}, along with instructions on how to complete the Manage Participation Process, will be emailed to the District Assessment Coordinators and the WorkKeys Test Coordinators listed in the [Educational Entity Master \(EEM\)](#) (www.michigan.gov/eem) the **week of October 29, 2018**.

ACT will email the PearsonAccess^{next} login information only to the WorkKeys Test Coordinators listed in the EEM for both public and nonpublic schools. If the WorkKeys Test Coordinator does **not** receive this email by **November 5, 2018**, contact ACT at the web page or phone number listed below.
